Subj: Your Insight on Expanding the Tablet Project

Dear Larissa,

I hope you're doing well. I wanted to discuss a topic with you. As you know, Omar Mubarak, the owner and CEO of Sauce & Spoon, has expressed a desire to expand the tablet project to cover all dining areas. However, we have some concerns and we need your support to convince Omar and Deniz.

In summary, we believe that expanding the project could increase costs and make workforce management more challenging. We think it would be more appropriate to stick to our initial plan and limit the tablet transition to the bar area.

As an experienced Kitchen Manager, your insights and support are crucial. Could you share your thoughts and experiences to help us convince Omar and Deniz? We'd appreciate the chance to discuss this matter in more detail during a meeting. Please let us know a suitable time for that.

Thank you for your feedback in advance.

Subj: Seeking Your Input on Expanding the Tablet Project

Dear Caner,

I hope everything is going well. Today, I'd like to share a topic with you. Omar Mubarak, the owner and CEO of Sauce & Spoon, is considering expanding the tablet project to cover all dining areas. However, we have some concerns and we need your help to convince Omar and Deniz.

We are concerned that this decision may increase costs and complicate workforce management, as you've previously pointed out. We believe that starting with a limited transition to the bar area would give our kitchen team more time to adapt and handle potential issues with caution.

As an accomplished Head Chef, your thoughts and insights are highly valued. Could you share your views to support us in convincing Omar and Deniz? We would be delighted to discuss this important matter further in person if it works for you.

Looking forward to your feedback.

Thank you and have a great day.
